##### 1. Tiling of Farm Ground

Touring the farmground a discussion was had the need to tile certain parts of the farmground. The project would include replacing 500 feet of 10 inch clay tile with perforated plastic tile beginning in the grass north of the county shed and ending at the rip rap structure at the entrance of the industrial park. A surface inlet will also be added at the rip rap. Bill Harding had a bid from Cole Excavating Services Inc. Armour thought that perhaps bidding it out to see if a better price was out there. Agreement by the Committee to ask the full Board to bid out the project.
